

TRIAD TECH SAVVY

BACK FOR FALL 2018

ENGAGE, LEARN, EXPERIENCE, GROW

AAUW Greensboro is a membership organization providing educational and economic opportunities for women and girls. Through our STEM Outreach programs, we instill knowledge and confidence for advanced STEM studies. Our students progress through a series of one- to five-day programs. Those who complete our programs go on to become mentors, instructors and leaders in providing STEM outreach to younger girls.

Why: to prepare for advanced high school and college math, and computer science

Who: 8th and 9th grade girls

What: a full day devoted to promoting careers in biotechnology through computer programming and mathematics

When: 8 a.m. to 3:30 p.m. Saturday
October 20, 2018

Where: UNCG Petty Science Building -
FREE parking in the McIver Garage

McIver Street Parking Deck is on the north side of campus near the School of Music and Sullivan Science buildings as well as several residence halls. GPS address: 110 McIver Street.
