Date: October 20 2020 - 5:30 p.m. to 6:30 p.m. -

OnLine Virtual Meeting Join Zoom Meeting <u>https://us02web.zoom.us/j/7960778792</u> Meeting ID: 796 077 8792

Members Attending:

Officers: Lena Murrill-Chapman, G Elaine Morehead, Libby Haile

Committee Chairs: Dahlia Ashford, Everlena Diggs, Tiffany Jacobs, Mary Fran Schickedantz, Saundra Yates-Evans, **Members Absent:** Sue Metz, Felicia Cherry, Mary Woodrow.

Guests: Tiffany Fearrington, Millie Hoffler Foushee, Janie Dominique, Elaine Ostrowski, Diedre Hobbs, Paua Ward, Nikki Armstrong, Ginger Caress.

PROGRESS AND DECISIONS				
SUBJECT	DISCUSSION/DECISIONS			
Welcome/Introductions	Laura Tew - recognized officers, committee chairs, and member guests			
Meeting Minutes	Sue Metz - absent; no meeting minutes review from August 18th			
	Elaine Ostrowski taking meeting minutes - this agenda and committee reports will be attachments to the meeting minutes			
Financial Report	Millie Hoffler-Foushee - Financial Review Fiscal Year 2019-2020 Libby Haile - Fiscal Year 2020-2021 Reports			
	Money Market \$5425.38			
	Primary Checking \$53876.54			
	Total Bank Accounts \$59313.66			
	SEPTEMBER 2020 MANAGEMENT REPORT			
	2020-2021 BUDGET VS ACTUALS			
	BALANCE SHEET			
	PROFIT AND LOSS			
Membership	Mary Fran Schickedantz - Membership Committee: Jenise Abdul-Razaaq, Denise Brown, Janie Dominique, Jennifer Feather, Debbie Fritz, Roddy Hurewitz, Tiffany Jacobs, and Sue Mengert.			
	73 members, plus Cheri Neal, Saadia Mehr, and Paula Ward need to be updated on the AAUW National list. CU reps are also shown on the membership handout.			
	We welcome new members: Nikki Armstrong, Una Davidson; Dr. LaToya Gathers, Diedre Hobbs, Saadia Mehr, and Paula Ward. Saadia and Paula are our 2 free memberships for 2020-21. Diedre Hobbs, Nikki Armstrong, Ginger Caress and Tiffany Fearington introduced themselves.			
	Transitions: We wish Dahlia Ashford and Denise Brown much success in their relocations, and we thank them sincerely for their service to AAUW Greensboro.			
	UPDATES TO CONTACTS:			
	Sue Mengert - use cell phone 336-686-7930			
	Denise Brown - <u>drbrownxx@gmail.com</u>			

Roddy Hurewitz - use cell phone 336-456-8990	
Diversity/Inclusion	Everlena Diggs, chair: committee members - Peggy Knox, Tiffany Jacobs. Sally Askew
	cannot serve because she is living out of state. Everlena recognized the Greensboro Branch for its long practice and achievements in equity and inclusion; suggesting that we need a speaker on "Black Lives Matter" to help us better understand that issue.
College University Partners	Saundra Yates-Evans - 5 CU reps listed below with only 1 "official". Saundra recognized Mary Fran for assisting with communications with Angela Cooper, AAUW.ORG, to help update the National list.

New Business	We have applied for a grant from EcoLab to fund this program. November 10th distribution of membership roster to 'members only'		
	Lena has recruited five authors who will read their books for recordings to be aird monthly starting in November. Member donations will be welcome to provide books to children.		
Past President Report	Lena Murrill-Chapman (AAUW NC) AAUW READS - Re Succeed -	eaders Excel Achieve Develop and	
	Dr. Leila Hashemi Beni, an assistant professor in the Geomatics Program in the Department of Built Environment in the College of Science and Technology, is using unmanned autonomous vehicles (UAVs) as remote sensing mechanisms to develop flood mapping in the state of North Carolina. Supported by a three-year, \$300,000 grant through the National Science Foundation (NSF), Dr. Beni's project is designed to gain a fundamental understanding of UAV data processing and to develop a research program of remote sensing data processing for environmental management. Historically, scientists have used satellite-based techniques to develop flood mapping and modeling; however, cloud cover, satellite revisit time, viewing angle limitations and the complexity of urban landscapes have made this application somewhat unreliable. The recent development of UAVs has revolutionized data gathering and its use in geospatial research. Using UAVs to collect data with appropriate flight modes and optimized sensors allows researchers to overcome adverse issues associated with using satellite-based sensor data.
