

Report to the AAUW G Board
Tiffany Jacobs, WINc committee chair
November 23, 2020

Women in Non-Traditional Careers: Chair Tiffany Jacobs reported that “Girls Exploring Tools and Tech GETT” started with four students on October 6. *Joe Rotundi, executive director of Forge Greensboro, and collaborators:---I am a Board Member of both AAUW Greensboro and the Forge Greensboro. The GETT program is part of a collaborative partnership with the Forge and the 3-D printing club is being conducted virtually by Forge instructors. Girls Exploring Tools and Tech, or G.E.T.T., is an initiative started by AAUW Greensboro WINc Committee Chair, Tiffany Jacobs. The Forge intends to be home base for G.E.T.T. and provide the majority of its programming.*

1) RTRIAD partnership for cyber security, Saadia Mehr – AAUW G WINc- Saadia Mehr was born and raised in Pakistan, received her undergraduate degree in Commerce from Pakistan, and Master of Science in Information Technology and Management (Major: Cybersecurity) from UNCG in August 2019. Over the summer, she began her apprenticeship program with RTriad Enterprises, LLC as a Cyber Security Analyst. Saadia was referred to RTriad for an apprenticeship by Tiffany Jacobs, AAUW Greensboro WINc Committee Chair as a candidate of the WINc program and she has become a member of AAUW Greensboro.

and 2) Career & College Managers (formerly CDC).- Tiffany Jacobs, on behalf of ApprenticeshipNC and AAUW Greensboro met with Starr King from Guilford Schools CTE and all of the Career & College Managers (formerly Career Development Coordinators). I gave a high level overview of youth apprenticeship programs and also introduced them to Girls Exploring Tools and Tech (GETT). They were extremely interested and requested more information as we grow in the future and also agreed to follow-up with Joe Rotondi so that they all could receive a special tour of the Forge.
