

**SATURDAY, 5<sup>TH</sup> MARCH 2022**

## **FIND YOUR STEM CONFERENCE**

**Come join us at the STEM conference to learn more about the opportunities presented by different fields in STEM**

The purpose of this conference is to motivate and encourage high school or rising high school students to set goals and establish a plan to meet those goals.

What's in it for you?

We help you write a 3-year action plan to accomplish your academic, extracurricular, and service-learning goals.

- Poster sessions, where upper high school and college women will display examples of STEM pathways
- Presentations about specific careers at JSNN
- Breakout sessions for participants to ask questions
- And enjoying a pizza party networking lunch

JSNN

Joint School of  
Nanoscience and Nanoengineering

A joint collaboration of North Carolina A&T State University and The University of North Carolina at Greensboro
