# UNCG School of Music

## Curriculum

Each day, students will gather in the UNCG School of Music entrance for snacks and check-in. Campers will assemble in homeroom 217 for fun greetings and special topics such as “Your Future in STEM”, cyber security and online safety, artificial intelligence and machine learning. Lunch in the UNCG Fountain View Dining Hall is a grande buffet with pizza, sandwiches, salads, and desserts.

Students will attend 2-hour-block classes in the following topics from 10 to noon and 1 to 3.

- Edison 2.0 robotics: engineering and coding
- SpherolittleBits: electronic circuits, design and programming
- App Design using Code.org
- Snap Circuits: engineering, science, and technology
- Water Resources: field exploring, data collection, and reports

### Projects

Parents are invited to attend the student showcase presentations on Friday from 1:00 to 3:00.
